

Turtles' home learning – Term 4 Week 2

<p>Daily – please complete these tasks every day</p>	<ol style="list-style-type: none"> 1) Reading – please read for at least 20 minutes a day. If you are short on books, try this link https://www.oxfordowl.co.uk/for-home/find-a-book/library-page/ where you can access lots of free e-books from Oxford Reading Tree. There is also the Oak Academy Library https://library.thenational.academy/. A quick google of 'free e-books for children' will show you lots of other options as well. If you usually read before bedtime then that is great. You don't need to do this during school hours. 2) Get moving! Please take part in some exercise for at least half an hour every day. There is some more information and weblinks at the bottom of this document. 3) Practice your times tables for at least 10 minutes per day. Here is the link to the 'Todd and Ziggy' songs that we use in class https://www.youtube.com/channel/UCZ7TsTfuO2Zn3cmXLc62Ldg so you can sing along at home if that helps you! Please remember that you can use TT rock stars as well (just let me know if you need a password reminder) https://trockstars.com/
<p>Weekly</p>	<p>My Maths and SPaG.com homeworks</p> <p>Don't forget that My Maths has an online lesson that will help you understand the task so it would be a good idea to do that first unless it is an area of maths that you are very confident with. If you need a reminder of any login details or passwords, just post on Teams and I'll get them straight to you.</p>

Optional extras	<p>If you have completed the set school work and are stuck for things to do, there is a launchpad available for you called 'lockdown boredom busters' with links to several brilliant websites. A couple of them are screen based (ebooks and jigsaws), but most have ideas for variety of fun, practical activities that you can enjoy away from screens. There are things for everyone to enjoy - indoors, outdoors, alone or with family members and most are things that can be done without having to buy anything. It should give you lots of ideas to fill your days if you need them 😊</p>

PE –

Please aim to get yourself moving for at least half an hour every day. This doesn't have to be all in one go. It is a good idea to get active between lessons (like we do at school with 5 a day and daily mile) as this really helps your concentration. If you have other forms of exercise that you enjoy with your family then that's brilliant too – just please try and get your heart pumping every day!

Here are some useful links...

PE with Joe Wicks. New twenty minute videos are available every Monday, Wednesday and Friday at 9am, and all the previous ones can be watched as well. <https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ>

JB sports (who run our school PE lessons) are producing PE lessons on video and uploading them to youtube every Tuesday and Thursday. Again, there are lots already there so you don't need to wait for those days https://www.youtube.com/results?search_query=jb+sports+coaching

BBC Supermovers – These fun videos will help you with all sorts of areas of learning as well as getting you moving! <https://www.bbc.co.uk/teach/supermovers/ks2-collection/zr4ky9q>

Cosmic Kids Yoga - brilliant yoga videos, many with fun themes such as Minecraft, Frozen, Pokemon and Harry Potter, all with real (sometimes quite tricky!) yoga moves.

Please make sure that you clear a space to exercise in and complete the activities safely
