

Learning Objectives:

- To be able to explain how my life is influenced by other people and those in other countries.
- To be able to explain how my choices affect my friends, my family and people around the world I do not know.

Prior Knowledge: In Year 2, children have learnt why it is important to share and cooperate with their family and talk about some of the conflicts which may occur with their friends.

Key Vocabulary

global	Things which are global issues affect the whole world.
interconnected	This describes our connection to other countries. Many things like food and other goods are brought in from other countries, which means we are interconnected.
climate	The weather conditions which occur in an area for a long period of time.
food journey	The way in which our food is distributed and how it gets to the supermarkets in this country.
rights	What every individual is entitled to according to the United Nations.
appreciation	It is important that we recognise the ways in which we are fortunate and what we should be thankful for.

Key Questions:

- How are we interconnected to people in other countries?
- How do your choices affect your family and friends?
- How do our choices affect the lives of people in other countries?

Success Criteria:

- I can talk about how my life is influenced by other people and those in other countries.
- I can talk about how my choices affect my friends, family and people in other countries.
