Aims

At Mablethorpe Primary Academy, the children and their learning are at the very heart of every decision made. We aim to develop learners who are passionate and take ownership of their learning and are proud of their achievements. The ethos of our academy is such that all people who come into our academy, whether staff, pupil, parent or visitor, are valued as individuals in their own right. They should set, and be entitled to expect from others, good standards of behaviour, marked by respect and responsibility. The staff at the academy will help the pupils to develop an inner discipline towards their behaviour and encourage them to be ready to accept responsibility for what they do. They will grow through making positive choices and will want to be honest with themselves and with others.

Planning

A vast majority will be delivered through cross curricular activities as well as specific PHSE, RE and circle time activities. Subject Co-ordinators have identified opportunities for SMSC in their curriculum subject areas and have planned a wide variety of spiritual, moral, social and cultural needs into their curriculum.

Spiritual Development

Children are given opportunities to reflect upon the meaning of spiritual experiences. Examples of experiences commonly regarded as spiritual include:

- Curiosity and mystery
- Awe and wonder
- Connection and belonging
- Heightened self-awareness
- Prayer and worship
- Deep feelings of what is felt to be ultimately important
- A sense of security, self being, worth and purposefulness

The Academy will develop a climate or ethos within which all pupils can grow and flourish, respect others and be respected; accommodating difference and respecting the integrity of individuals. These can occur during any part of the day, e.g. When listening to music, discussing the care needed for animals, exercising empathy or creativity, how we live, contemplating the future etc.

Moral Development

At Mablethorpe Primary Academy we believe that a morally aware pupil will develop a wide range of skills. These can include the following:

- Distinguish right from wrong, based on knowledge of the moral codes of their own and other cultures.
- Develop an ability to think through the consequences of their own and others actions.
- Have an ability to make responsible and reasoned judgments.
- Ensure a commitment to personal values.

- Promoting racial, religious and other forms of equality.
- Giving pupils opportunities across the curriculum to explore and develop moral concepts and values - for example, personal rights and responsibilities, truth, justice, equality of opportunity, right and wrong.
- Developing an open and safe learning environment in which pupils can express their views and practice moral decision making.
- Rewarding expressions of oral insight and good behaviour.
- Recognising and respecting the codes and morals of the different cultures represented in the school and wider community.

'Be inspired'

At Mablethorpe Primary Academy, we aim to create a happy, safe, caring, stimulating and inclusive environment for all. We encourage self-discipline and aim to keep rules and regulations to a minimum. Promoting good behaviour amongst the pupils is a shared responsibility. All those who work with the Academy, parents, the wider community and the children, all have a vital role to play. As members of the Academy community, all stakeholders should aim to build positive relationships with each other and we expect each individual to respect others, their families, culture and beliefs, as part of the exceptionally high standards of behaviour that we have at Mablethorpe Primary.

- We believe that implementing the principles of Restorative Practice helps us to focus on building better relationships with each other, taking the time to ensure that every member of our Academy community feels listened to, valued and respected.
- We support pupils in developing the skills to maintain positive relationships with others and to resolve disagreements and problems themselves. It is our role to educate our pupils to understand how their behaviour affects others and its impact on others. Pupils are supported to identify ways they can put right the harm they have caused.
- This approach ensures we are not teaching pupils that by harming others they will be punished and should therefore avoid being discovered. Instead, we are helping them to become empathic, considerate people who have the skills to avoid and resolve problems independently.

Teachers always discuss with their classes a code of conduct for the classroom based on the values held by the Academy. We teach the children to be aware of their own actions, take responsibility for their own bodies and encourage independence. We help the children to identify their feelings and think these through so that they are expressed in behaviour that is socially acceptable. This is done through collective worship, circle time, SEAL, PHSE and circle time sessions. We are interested in the development of the whole child and will

Pupil Voice

The term 'pupil voice' describes how pupils give their input to what happens within the academy and classroom. Our desire is for pupils to know that their expertise, opinions and ideas are valued in all aspects of school life. Pupil Voice permeates all levels of our work together, from pupils participating in small group classroom conversations to pupils establishing procedures, events and contributing to the overarching ethos of the Academy. A pupil questionnaire is issued annually. The Academy Council, whose members were elected by their peers, meet fortnightly and is a valuable asset to the Academy. The Academy Council is encouraged to use this forum as a way of sharing pupil voice with the Principal and SLT following their meetings.

This policy links directly with Teaching British Values.
