

## British Values in Science

Democracy	The Rule of Law	Individual Liberty	Mutual Respect	Tolerance of those of different faiths and beliefs
<p>In the <b>Science classroom</b> we learn through our lessons to take into consideration the views and opinions of others. We take turns and instructions from others.</p>	<p>In our <b>Science</b> lessons we learn and understand the importance of following safety rules when working scientifically. <b>Science</b> lessons help children to understand the consequences of their actions, which in turn helps them to apply this understanding to their own lives.</p>	<p>In <b>Science</b> we learn to confidently share our own opinions and ideas and respect the opinions of others. Within our lessons pupils are encouraged to make their own choices when planning an investigation and recognise that others may have different points of view.</p>	<p>When learning and investigating during <b>Science</b> lessons we work as a team, supporting each other and sharing ideas and opinions. We discuss our findings and respect each other's work - through this we offer support and advice to others.</p>	<p>Through lessons and discussion we look at scientific discoveries which have come from other cultures and how religious beliefs often compete with scientific understanding. We learn to be respectful of these beliefs and to appreciate and understand them.</p>
