

## Home Learning Task - Term 5

To support your child in their learning we would like to invite you to complete the following home learning task with your child: -

- ✓ **Write about your favourite book** - Choose a book at home and write a sentence about why it is your favourite book.
- ✓ **Plants!** - Explore outside and look at all the different plants that you can find. Make observations of the shape of the leaves and compare what is the same and different. Draw a picture of your favourite plant.
- ✓ **Patterns** - Can you make a pattern with the fruit from a fruit bowl, or the biscuits in the biscuit tin? Try this one: 'banana, banana, grape, grape' or 'apple, pear, orange, apple, pear, orange'. How many more can you make?
- ✓ **Shape spotting** - Go for a walk and see how many different shapes you can see. Look out for 2D and 3D shapes.
- ✓ **Growing seeds** - Try growing some plants or flowers at home. You could try planting some seeds in a pot or in your garden. Remember to give your seeds some water and put them somewhere sunny.
- ✓ **Number bonds to 10** - how many ways can you make 10? E.g. 5 and 5 makes 10, 6 and \_\_\_\_ makes 10.
- ✓ **Become an Artist!** - paint a picture of insects or animals (such as your pet) and talk about what you have painted.
- ✓ **Write labels-** Make some labels for the plants outside or name tags for your favourite teddy bears or dolls.

We would like all work completed to be put onto Tapestry.

Thank you for your continued support  
The Reception Team
